

Bicheno Blitz

Tuesday 11th—Wednesday 12th

Spend a night away volunteering on the beautiful East Coast of Tasmania. The two day project is located in the popular holiday destination of Bicheno. The team will be volunteering alongside local community volunteers, undertaking tasks that include identifying invasive weed species such as Boneseed and removing them, all of which will help improve the area's natural habitat. When volunteering has finished for the day you can see the penguins arriving on dusk, visit the spectacular beaches and enjoy the comforts of the coastal holiday house accommodation.

Come along and be a part of this amazing East Coast experience that ensures Tasmania's coastal regions are protected.

It's Fun! It's Different!

No skills required

Provided: For these overnight trips CVA will provide all camping equipment and accommodation, tools and equipment, food (excluding the first day's lunch) and all transport.

What you need: A good sleeping bag and pillow and some warm clothes.

Cost: Each of these projects costs \$40.00 per person.
